# Maryangy and Eres

The two employees I choose to commend display very strong cooperation and courtesy. As fellow set-up crew assistants, Maryangy and Eres commit themselves to assisting customers and coworkers to the best of their ability, and are always anxious to assist with new tasks that are presented to them. There have been instances when I would identify rooms that require to be set up for the future, during which Maryangy or Eres anxiously await for details because they want to get started. It is a pleasure to work with them.
